How to Bid Online...

- As a buyer, you do not need an account or to login to watch the sale but you must have a validated account to bid.
- After you are logged in, you must proceed to the sale page for any and every auction and click "Get Buyer Number." Some auctions require a pass-code to obtain a buyer number even after you are approved by CCI.live. Pass codes generally come from the sale manager or ranch for that particular sale.
- CCI.live will operate with ease on a **cellular device, laptop, desktop or tablet.**
- A **modern or current browser** is important and will make your experience better. You do not need to install the app on cellular devices to watch a sale. CCI.live is a browser-based application meaning it will play on most new browsers, but you can also download the CCI.live app at the Apple App Store or through Google Play.
- **For successful bidding you must have good Internet service!** It is very important to be stationary. If you are driving and bidding, expect to have some service issues. AQHA Ranching Heritage Breeders and Ranching Heritage Challenge Programs

The American Quarter Horse Association is committed to the promotion of the ranch horse. There are programs to help ranchers to market their ranch-bred American Quarter Horses and opportunities for ranch-bred horses to be showcased in competition.

The horses in this sale which are eligible for the AQHA Ranching Heritage Challenge are identified by the logo below their hip number.

Ranching Heritage Breeders Program

Ranching Heritage Breeders are AQHA member-owned ranches and individuals who represent longevity, honesty and integrity in raising quality American Quarter Horses and uphold ranching heritage traditions.

Ranching Heritage Breeders must breed and register at least five foals annually and must maintain a remuda of horses used to operate a working cattle operation. The ranch also must have received an AQHA 10-year breeder award to be eligible for the program.

Ranching Heritage Breeders support the Young Horse Development program by donating weanlings and/or offering for sale to members of the American Quarter Horse Youth Association. Youth train and keep these horses, which builds a lifelong passion for the American Quarter Horse.

Ranching Heritage Breeders also can earn cash awards and recognition for their horses competing in 20 events across the country with the Top RHB Horse Award. Owners also are presented a cash award.

The horses that come from Ranching Heritage Breeders uphold the tradition and heritage of the working cattle ranch and when horses are purchased from a Ranching Heritage Breeder, that great tradition continues.

AQHA Ranching Heritage Challenge

An exclusive opportunity for Ranching Heritage bred-horses, the AQHA Ranching Heritage Challenge is a way to showcase ranch-bred American Quarter horses.

The Challenges offer multiple divisions for various ages and skill levels for both horse and rider. Classes include working ranch horse, ranch riding, team roping and barrel racing.

To be eligible, horses must have been bred by a Ranching Heritage Breeder, plus all payments – weanling, yearling, 2-year-old and 3-year-old – must be complete in order to compete. Those payments also generate the purses for Ranching Heritage Challenge events. Horses that compete in a Ranching Heritage Challenge qualify for the RHC Finals.

For more information about AQHA's ranching programs, including a list of Ranching Heritage Breeders, an application to become a Ranching Heritage Breeder, Top RHB Horse Award winners and Ranching Heritage Challenge information, visit aqha.com/ranching.

ARE YOU READY TO BUY OR SELL A RANCH OR FARM?

Zurick Labrier, Accredited Land Consultant is your “Go To” Land Expert, and has been involved in Agriculture sales for over 35 years. Building a network of contacts is key to helping landowners with their transactions. Creating ties with ag producers, lenders, accountants, investors, and other land brokers has helped me to achieve many sales in recent years.

Land values are a constant moving target. Keeping up with trends, input cost, and commodity prices are just a few key pieces that require attention. Many more characteristics of land affect the pricing point regardless if you are selling or buying. Some of these include minerals, soil type, easements, leases, surveys, water rights, wind royalty rights, access and topography just to name a few.

Thunder has been one of my go to horses on the ranch since he was a three years old. He is extremely tough and no job is too big for him. He can go all day. He has had a ton of calves drug to the fire on him and cattle doctored outside. He has also been started in the arena. He is quiet in the box and has lots of run. FARM - RANCH SALES AND APPRAISALS

Farm and Ranch Sales

We are a fourth-generation, family-owned, farm and ranch real estate specialty firm, in business since 1920. Trust is hard to come by in today's fiercely competitive farm and ranch real estate market, but we're here to provide experience and integrity. There is no substitute for a good ranch broker with an expert appraisal team to back him up.

As one of the oldest farm and ranch brokerages in the United States, our real estate specialists are highly trained and have years of experience and results in appraising and marketing your property. Every exclusive listing comes with a professional marketing package at no cost to the client.

Land Appraisals

For over 40 years, Chas. S. Middleton and Son has been active in the appraisal of farm and ranch property. Our appraisal practice is focused on the valuation of agricultural properties, specifically, farms, ranches and commercial cattle feed yards. Our territory is Texas, New Mexico, Colorado, Oklahoma and Kansas.

Our appraisal practice specializes in estate and gift tax valuations, undivided interest valuations, expert witness testimony, aiding bank trust departments, ranch partitions, as well as collateral valuations for lending institutions.

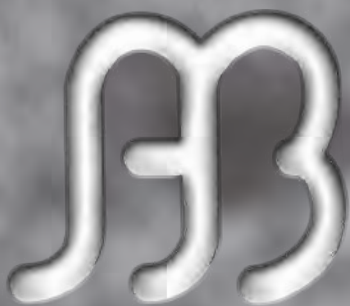

Our clientele includes many of the largest land owners in the nation and the states we serve, along with some of the most sought after tax attorneys and CPAs. Our clients trust that our work product and value estimates are well supported by market data rather than "rules of thumb". We understand the importance of personal integrity, honesty, and work ethic for our valuation opinions. Through the years, our work has withstood the scrutiny of our peers, IRS audits and cross examination.
